MUSTANG OWNER:

PRE-DELIVERY INSPECTION CHECKLIST

UNDER HOOD - ENGINE OFF

- Battery cable condition and routing
- Battery hold down
- Battery fluid level
- Engine oil level
- Steering gear housing fluid level
- Brake master cylinder fluid level
- Windshield washer reservoir fluid level
- Radiator coolant level
- Carburetor requirements for local altitudes
- Drive belt tensions
- Spark plug wires condition and routing
- Air cleaner condition
- Radiator drain hose in place

UNDER HOOD - ENGINE OPERATING

- Automatic transmission fluid level
- Power steering reservoir fluid level

UNDER HOOD - ENGINE OPERATING AND HOT

- Distributor dwell
- Condenser condition
- Initial ignition timing

- Alternator and voltage regulator - operation
- Coil condition
- Distributor cap and rotor condition
- Spark plug and hi-tension wire condition
- Carburetor idle mixture and speed adjustments
- Fast idle speed adjustment (automatic choke engine)
- Hydraulic lines, fittings, connections, and components for leaks
- Adjustment valve tappet clearance
- Valve cover leaks

ON INSIDE

- Total clutch pedal travel
- Clutch pedal free play
- Operation of lights, turn signals, stop signals, courtesy lights, oil pressure and alternator warning lights
- Front seat control - operating (manual or power)
- Inside locks and door handles - operation
- Windows and vents - operation and fit
- Cowl Vent- leaks
- Convertible top - operation
- Cigarette lighter test
- Automatic shifter - tight; good bushings
- Radio plays properly
- Automatic shifter light operation
- Windshield and rear window leaks

- Door and quarter window glass leaks
- Door hinge condition
- Weatherstrip glued properly and not loose
- Ash tray clean- inside bead blasted

- Trap door latch- works properly
- Console light- works properly

ON OUTSIDE

- Headlights adjustment
- Latches, keys and locks - operation
- Hood, decklid, and door panels for fit and alignment
- Bumpers and molding - alignment
- Weatherstrips - adhesion and fit
- Wheel nut torques
- Wheel covers and antenna
- Trunk leaks
- Door and deck lid open easily with keys

ON HOIST/UNDERSIDE

- Brakes: shoes, pads, drums, hardware, wheel cylinders, calipers, rotors
- Suspension: entire front suspension; entire rear suspension
- Exhaust system: condition - no leaks; hangers firm
- Brake lines: properly routed - conditioned
- Fuel lines: condition
- Conventional transmission fluid level
- Axle fluid level
- Hydraulic lines, fittings, connections and components for leaks
- Tire pressures and tire condition
- Steering linkage and connections
- Manual shift linkage - adjustment/installation
- Automatic shift linkage - adjustment/installation
- Motor mounts
- Transmission mount
- Wheel bearing condition

- Axle bearing condition

ALIGNMENT

- Front wheel toe-in
- Steering wheel alignment - centered

ROAD TEST

- Engine temperature - both highway and city
- Neutral switch - operation (automatic transmission)
- Parking brake - operation
- Horn, windshield wipers and washers - operation
- Heater, air vents and air conditioner - operation
- Radio - check for proper operation
- Clutch operation
- Brake operation
- Transmission shift lever - operation
- Automatic transmission shift timing and quality
- Accelerator pedal - operation
- Engine performance
- Engine smoking - yes
- Engine smoking - no
- Drive belt for noise
- Steering control
- Squeaks, rattles and wind noise
- Speedometer, odometer, fuel and temperature gauge - operation
- Rear end operation - noise; wear
- Axle bearings - condition; noise
- Wheel bearings - condition; noise
- Vibrations, tire balance
- Other optional equipment - operation

AFTER ROAD TEST - Check for Leaks:

- Radiator
- Radiator hoses
- Hydraulics
- Fuel lines
- Fuel level
- Heater
- Heater hoses
- Exhaust rattles

CONVERTIBLE

- Power top operation
- Manual top operation
- Top latch operation
- Top boot fit
- Top book present

EQUIPMENT CHECKLIST

- Spare tire
- Spare tire hold down
- Tire jack
- Lug wrench
- Visor card
- Owner's manual
- Touch-up paint
- K.A.R Parts Catalog

DEALER CERTIFICATION: *I certify that all applicable items on this checklist were completed for the vehicle described.*
